

2023 Fiscal Year in Review

As we look back on Fiscal Year 2023, it is with a sense of gratitude that we share the impact of our programs. This success is a reflection of the commitment and teamwork of our supporters, volunteers, staff, and the partner families we work alongside.

At Habitat for Humanity in Monmouth County we are committed to providing diverse programming that meets the specific needs of our community. We offer first-time homeownership opportunities and work to enhance home accessibility and safety for low-income homeowners. A notable achievement this year was the launch of our Veterans Build Home Repairs program in April 2023, in partnership with Coastal Habitat. This initiative is dedicated to assisting veterans and their families by offering home repairs at no cost. We are proud to have completed three Veterans Build projects in just three months, from the program's inception in April to the end of the fiscal year in June.

Thank you for your continued support as we continue to focus on our mission to build homes, communities, and hope.

MISSION: Habitat for Humanity in Monmouth County is dedicated to safe and affordable homes through constructing, rehabilitating and preserving homes; by advocating for fair and just housing policies; and by providing training and access to resources to help families improve their shelter conditions.
